

INCIDENTAL SUMMARY

The Incidental Summary is usually prepared with identifying stations and lane down the left column, the description of the item and pay unit across the top, and a remarks column down the right side.

SPECIALTY SUMMARIES

ROADSIDE DEVELOPMENT

Quantities relative to Roadside Development and Temporary Erosion and Sediment Control are summarized on the Roadside Development Sheet provided as a CADD file. This is a multi-purpose sheet providing types of seed mixtures, rates of application, and quantities. Quantities relative to temporary Erosion and Siltation Control, shall be summarized on the Roadside Development Sheet, with the exception of any necessary outfall pipe, which will be summarized in the drainage summary.

STORMWATER MANAGEMENT

Quantities relative to stormwater management facilities are to be summarized in the appropriate summary or for the particular pay item (e.g.) drainage items in the Drainage Summary, earthwork items in the Grading Summary, erosion and sediment control items in the Erosion and Sediment Control Summary, etc.

DEMOLITION OF BUILDINGS AND CLEARING OF PARCELS

A Building Data Report lists buildings to be removed and parcels to be cleared and is furnished by the Right of Way and Utilities Division, when applicable, for inclusion in the contract. Appropriate identification and description of the buildings are to be included in the summary. These summaries may be combined.
