

## **SECTION 2D-14 RESOLUTION OF PUBLIC HEARING QUESTIONS**

### **REVIEW OF PUBLIC HEARING TRANSCRIPT AND POST- HEARING CORRESPONDENCE**

See Approval Process Flow Charts in the [Public Involvement Manual](#) for guidance on both Tier 1 and Tier 2 projects.\*

### **STUDY OF ALTERNATE SOLUTIONS**

Any item of concern requiring further investigation is to be studied by the designer or project manager and discussed with the localities (if appropriate) for possible solutions. All feasible solutions are to be explored, taking into consideration engineering judgment, economics, standard policies, etc.

### **RECOMMENDING A SOLUTION**

Upon reaching a conclusion as to the most feasible solution to an area of concern, the designer or project manager will furnish his/her recommendation to the **District** Location and Design Engineer.
