

SECTION 2G-8-PREPARATION OF PLAN ASSEMBLY FOR CONSTRUCTION

PREPARATION OF PLANS FOR CONSTRUCTION

See [Project Management Online Guide](#)

DATA REQUIRED FOR PLAN COORDINATION REVIEW

See [Project Management Online Guide](#)

BRIDGE ONLY CONTRACT

When a bridge contract is to be let separately from the road contract, sufficient road plans must be included to establish the line and grade of the bridge. In some instances, such as widening of an existing bridge, road plans may not be necessary.

The road plan designer should coordinate the submission of the plan assembly with the Bridge Engineer according to the guidelines in the section on "DATA REQUIRED FOR PLAN SUBMISSION".

GOVERNMENT STREAM GAGING STATIONS

If U.S. Geological Survey, Weather Bureau, Virginia Department of Conservation and Development, or other government stream gaging stations are located within the limits of construction, or will be destroyed or disturbed by construction, arrangements must be made to have these gaging stations moved before construction is started.

When plans have been submitted to the Scheduling and Contract Division for advertisement on which government stream gaging stations will be disturbed by construction, the Hydraulics Section must be notified by memorandum. The memorandum, accompanied by a print of each plan sheet on which such a gaging station occurs, shall give the description and location of each gaging station that has to be adjusted. Upon receipt of this data, the Hydraulics Section will notify the appropriate governmental agencies of the pending highway construction and of the necessity for the adjustment of the stream gaging stations.

POST-CERTIFICATION PLAN CHANGES

During the review of the plans by the Scheduling and Contract Division after the Project Manager has certified the plans and prior to Advertisement Submission, "changes" may be made to the plans (with no formal revision) as long as the designer receives concurrence from the Scheduling and Contract Division and there is sufficient time to make the changes and furnish prints of the sheets involved to the Scheduling and Contract Division prior to Advertisement Submission.
