

Virginia Department of Transportation
Inter-Departmental Memorandum
July 23, 1999

To: State Structure & Bridge Engineer

From: C. J. Wright, Traffic Engineering Division

Project: 0609-015-273, C501 (PPMS 12503)
B644 – Bridge **Carrying** Route 609 **Over** Beaver Creek

This is in response to Mr. J. T. Mills' memorandum (Form LD-153) to you dated July 14th requesting this division to make recommendations and initiate action relative to the use of structure illumination, pedestrian fencing, special sign mounting and signal provisions for the referenced bridge structure(s).

We offer the following recommendations:

Structure Illumination Required		
A) Above Bridge Lighting	Yes___	No___
B) Under Bridge Lighting	Yes___	No___
Pedestrian Fencing Required	Yes___	No___
Special Sign Mounting Required	Yes___	No___
Signalization Required	Yes___	No___
