

**1996 Insertable Sheet List  
For Use With The 1996 Metric Road and Bridge Standards  
June 2009**

The following is a complete list of special design **METRIC** insertable sheets that will be used with the 1996 Road and Bridge Standards. These sheets have been loaded on Falcon DMS for VDOT personnel and on the FTP server for the consultant community.

**Falcon Location:**                    Metric  
    PPMS# eng-ser  
    Division minsert  
    **Section 1300 section\_1300\_metric**  
**FTP Location:**   Metric path    download/insertable-sheets/metric-sheets  
    **Section 1300** download/insertable-sheets/metric-sheets/section 1300 metric

The information below shows the file name as it is on the system, the title of the Insertable Sheet, the description of the 4-09 changes, the applicable Standard, and the date the file was revised by Engineering Services. The new/revised sheets and descriptions of the 4-09 changes are in bold. **Note that the revised Insertable Sheet dated 4-09 will be applicable to projects going to Advertisement in November 2009.**

**Section 1300 of the Road and Bridge Standards has been updated and revised and will be applicable to projects going to Advertisement in January 2010. These sheets will replace any current Traffic Engineering insertable sheet.**

If you need the Portable Impact Attenuator Insertable Sheets, MSD799, MSD819, and/or MSD1660, please contact Chuck Patterson of Engineering Services at (804) 786-1805.
