

**APPENDIX P**  
**DCR/VDOT Correlation Table**

**TABLE 1**  
**VDOT Erosion and Sediment Control Certification Requirements**

		CERTIFICATION REQUIREMENTS				
Project Type & Individual/Position	Job Responsibility	VDOT ESC Contractor (see Letter from C.F.Gee, 3/1/02)	Inspector	Plan Reviewer	Program Administrator	Combined Administrator
<b>1. VDOT Projects</b>						
<b>a. VDOT Personnel</b>						
Selected VDOT Forces (Crew Members, Materials - core drilling, 1) Building & Grounds - small projects)	Direct/Perform LDA*	X				
2) Maintenance Superintendents	Direct/Perform LDA*	X				
3) Maintenance Supervisors	Direct/Perform LDA*	X				
4) Maintenance Superintendents	Inspect LDA		X			
5) Maintenance Supervisors	Inspect LDA		X			
6) Maintenance Managers (including TOM's)_		2			1	
7) District Maintenance Engineer			1			
8) District Construction Engineer			1			
9) Traffic Engineering	Inspect LDA		X			
10) Building & Grounds, Capital Outlay	Inspect LDA		X			
11) Project Inspectors			X			
12) District/Division Environmental Managers					1	
13) Assistant Environmental Managers/Env. Program Coordinators					1	
14) Environmental Contract Administrators		2			1	
15) Roadside Agents		X				
16) Roadside Development Managers		X	1			
17.a.) Environmental Monitors (may be 17.b. also)	Plan Review Duties		X	X		1
17.b.) Environmental Monitors (may be 17.a. also)	Project Compliance Duties		X		X	1
18) Permit Specialists - Subdivisions, Utilities		X	1			
19) Residency Specialists			X		1	
20) Hydraulic Engineers	Design/Review ESC Plans			X		
21) Location and Design Engineers				1		
22) Resident Engineers					1	
23) Assistant Resident Engineers					1	
24) Project Engineers			X		1	
25) Env. Program Manager - SWM/ESC						X
<b>b. Non-VDOT Personnel</b>						
1) Contractors	Direct/Perform LDA*	X				
2) Sub-Contractors	Direct/Perform LDA*	X				
3) Consulting Inspectors	Inspect LDA		X			
4) Consulting Design Engineers	Design/Review ESC Plans			X		
<b>2. Non-VDOT Projects/Non-VDOT Personnel (working within VDOT Right-of-Way under a Land Use Permit - see Section II A. and C. of the narrative)</b>						
1) Utilities		X				
2) Small Businesses, Homeowners		X				
3) Developers		X				
4) Municipalities		X				

**NOTES:**

- \* LDA - Land-disturbing activities
- X - Required
- 1 - Highly recommended (primary). Some Districts have made this certification a requirement.
- 2 - Highly recommended (secondary)

**TABLE 2  
Erosion and Sediment Control Certification Information**

		<b>CERTIFICATION TYPES - Which prerequisites are required/accepted?</b>				
<b>Certification Prerequisites</b>	<b>Course Information</b>	<b>VDOT ESC Contractor (see letter from C.F. Gee, 3/1/02)</b>	<b>Inspector</b>	<b>Plan Reviewer</b>	<b>Program Administrator</b>	<b>Combined Administrator</b>
<b>1. Training Courses</b>						
a. Basic Course	2 - 8 hour days; 20-25 question quiz at the end of each day; must score a cumulative 70% on quizzes to pass		yes	yes	yes	yes
b. Inspector Course	1 - 8 hour days; 20-25 question quiz at the end of each day; must score 70% on quiz to pass		yes			yes
c. Plan Reviewer Course	2 - 8 hour days; 10-20 question quiz at the end of each day; must score a 70% on EACH quiz to pass			yes		yes
d. Advanced Plan Reviewer Course (Spring 2002)	4 - 8 hour days; maybe a quiz at the end of each day. Course is currently under development.			recert. Only		partial recert.
e. VDOT ESC Contractor Certification	1 - 8 hour day; Training & Certification Guidance under development.	yes - VDOT ROW/property Only				
f. Alternative Courses, CEUs, Credit for Instruction of Courses	Evaluated on a case by case basis for <b>RECERTIFICATION</b> only		possible	possible	possible	possible
<b>2. Job Experience Accepted In Lieu of Training</b>						
a. For Certification?			yes, 880 hrs	yes, 880 hrs	yes, 880 hrs	yes, 880 hrs
b. For Recertification?						
<b>3. Examination Information</b>						
a. Time		anytime	May & Nov.	May & Nov.	May & Nov.	May & Nov.
b. Length		1 hour	2.5 hours	3.5 hours	2.5 hours	4.5 hours
c. Location		on-site	numerous	numerous	numerous	numerous
d. Does passing the exam alone satisfy the CERTIFICATION requirements?		no				
e. Does passing the exam alone satisfy the RECERTIFICATION requirements?		no	yes	yes	yes	yes
<b>4. Other Virginia licensures or certifications that satisfy the definition of specific Erosion and Sediment Control certifications</b>						
a. P.E., CLA, Architect, or Surveyor		yes		yes		
b. Virginia ESC Combined Administrator		yes	yes	yes	yes	yes
c. Virginia ESC Program Administrator		yes			yes	
d. Virginia ESC Plan Reviewer		yes		yes		
e. Virginia ESC Inspector		yes	yes			

**NOTE: BLANK SPACES INDICATE "NO".**
