

PLEASE READ

It should be noted, due to the way the “VDOT DRAINAGE MANUAL” has been compiled to a single “.PDF” file, that it will not be possible to access the appendices of individual chapters by either (1) “clicking” on them from the table of contents for that chapter or (2) “clicking” on them from the navigation pane on the left side of the screen. All appendices for all chapters are included in this “.PDF” file, but they can only be accessed by first going to that chapter in which you are interested and then scrolling downwards until you find the particular appendix you want.
