CHAPTER 1C - GEOGRAPHIC LOCATIONS

SECTION 1C-1 - CONSTRUCTION AREAS

DISTRICTS AND RESIDENCIES

There are two or more residency offices in the nine construction districts in Virginia. District [*]Engineer/Administrators and Residency Engineer/Administrators are charged with the administration and supervision of all highway activities within their designated geographical area. Figure 1C-1 shows the statewide construction district locations and their respective district numbers.

COUNTIES AND MUNICIPALITIES

County numbers are listed in Figure 1C-3 along with corresponding residency and district codes for quick location. A tabulation for municipalities (Figures 1C-4 and 1C-5) identifies the county, residency and district for each and separates (for Urban Project Funding) the cities and towns into three population breakdowns - over 5000, 3500-5000, and less than 3500. By matching corresponding numbers to the "District and Residency" tabulation, (Figure 1C-6), all construction areas in Virginia can be easily identified.
