

# CADD Manual Revisions

The following is an itemized LIST of applicable revisions and additions. Some minor corrections have been omitted.

## ***Revised September 2016***

### **Chapter 1: Introduction & Overview**

#### Section 1.1

This information was added below.

OpenRoads technology will be used by VDOT staff and consultant design firms on all minimum plan projects and above where new survey was completed on or after January 1, 2016.

As an option, OpenRoads technology can be used on other projects that were surveyed before January 2016 if these projects have not entered the Public Involvement phase. The entire chapter was revised to incorporate instructions on how to create the new Right of Way plan sheets.
