

TYPES VA-B, VA-C, VA-D, VA-E, VA-L AND VA-M

* Signs shall be located to provide optimum viewing and safety within the indicated limits for lateral placement.

*** In cut slopes, the minimum distance between the top of the sign and the ground shall be 9' for any top most sign within the clear zone. This requirement will not apply to signs located more than 10' up a slope greater than 3:1.

See Sheet 1301.61 for Section C-C
