

SECTION A-4-GUIDELINES FOR RRR PROJECTS

| | |
|-----------------------------------------------------------------------------------------------------------------------------|------|
| Objective | A-38 |
| Authority | A-38 |
| Definitions | A-39 |
| Project Selection | A-40 |
| Eligibility | A-41 |
| Accident Records | A-41 |
| Bridge Rehabilitation or Replacement Selection Policy | A-41 |
| Environmental Considerations | A-42 |
| Access Control | A-42 |
| Project Development | A-42 |
| Roadway and Travelway Widths | A-42 |
| Design Traffic Volumes | A-43 |
| Design Speed | A-43 |
| Terrain | A-44 |
| Safety | A-44 |
| Geometric Design Criteria | A-47 |
| Clear Zones and Slopes | A-48 |
| Grades | A-48 |
| Crest Vertical Curves | A-48 |
| Sag Vertical Curves | A-48 |
| Stopping Sight Distances | A-49 |
| Horizontal Curves | A-49 |
| Pavement Cross Slope | A-50 |
| Superelevation Requirements | A-50 |
| Pavement Edge Drop | A-50 |
| Intersections | A-50 |
| Design Exceptions | A-51 |
| Planning Drainage Design Elements | A-51 |
| Replacement or Rehabilitation of Drainage Elements | A-51 |
| Hydraulic Characteristics | A-52 |
| Safety Improvements Relative To Drainage Design | A-53 |
| Bridge Restoration | A-53 |
| Bridge Rehabilitation | A-53 |
| Culvert Replacement | A-54 |
| Culvert Rehabilitation | A-54 |
| Culvert Extensions | A-55 |
| Signing, Signals and Pavement Markings | A-55 |
| Plan Reviews | A-55 |
| Public Involvement | A-56 |
| Right of Way | A-56 |
| Utilities (Underground and Overhead) | A-56 |
| Tort Liability and Geometric Design | A-56 |
| Background On Tort Liability | A-57 |
| RRR Improvements and Tort Claims | A-57 |
| Susceptibility of RRR Projects and Standards To Tort Claims | A-57 |
| Defense of A RRR Project Design | A-58 |
| RRR Notes On Project Title Sheet | A-59 |
| Preventive Maintenance (PM) Projects/RRR Projects Utilizing Federal Funding On National Highway System (NHS) Roadways | A-59 |
