

DRAWING CHECKLIST (TO BE STRICTLY ADHERED TO)

1. General

- () Submit one copy original of all drawings on paper sheets measuring 8 ½ x 11 inches (216 mm x 279 mm). Submit the fewest number of sheets necessary to adequately and clearly show the proposed activity. Drawings should be in accordance with the general format of the enclosed sample drawings and must be of good reproducible quality. Block style lettering should be used. Do not use freehand sketches.

It is recommended that the drawings be in ink on plastic sheets. Prints may be made from these sheets and may, in turn, be used as the "copy original" for the permit application. The original drawing will be retained by the designer to facilitate revisions.

- () A 1" (25 mm) margin is to be left at the top edge of each sheet for binding purposes and a half inch (12 mm) margin on the other three sides.
- () Drawings are not to reflect the approval, non-objection, or action of other agencies.
- () Since drawings must be reproduced photographically, color shading cannot be used. Drawings may show proposed work using stippling, hatching, cross-hatching, or similar graphic symbols.
- () Each drawing submitted should identify the project and contain the route and project number; the name of any applicable body of water and/or stream; river mile, if applicable; name of county; number of sheet and total number of sheets in a set; and date the drawing was prepared.
- () State datum used as basis for elevations (mean sea level, mean low water or National Ocean Survey datum in tidal areas / ordinary high water in non-tidal areas).
- () Subsequent revised drawings, as required, must be dated.
