

Local Assistance Division: evaluates unusual proposals or extenuating circumstances for compliance with the subdivision street requirements.

Asset Management Division: serves as a clearinghouse for complaints of betterment when a developer who views VDOT's requirements as excessive submits a request to the Commission to review his complaint.

Materials Division: (a) occasionally reviews pavement structures, and (b) reviews the geotechnical plans of roadway dams.

On rare occasions, other divisions may be requested to review a particular aspect of the site plan that involves their areas of responsibility.

#### **D. SITE PLAN REVIEW PROCESS THROUGH VDOT**

Figures C-7-1 and C-7-2 illustrate the flow of site development plans and subdivision plans, respectively, through the VDOT. In both cases, all plans should be submitted to the residency to initiate VDOT review (except for Northern Virginia where the district is the entry point).

Figure C-7-1 shows the plan flow through VDOT for partial site plan reviews. Figure C-7-2 shows the flow for complete reviews by the next level.

Figure C-7-3 is from the draft of "Subdivision Street Requirements."
