

CHAPTER 2C - PRELIMINARY DESIGN

SECTION 2C - 1 - PROJECT REVIEW

GENERAL

When the time arrives for presenting a project to the public through the public hearing process, it is the designer's responsibility to review the plans and supporting data to assure that it is current and representative of the section of roadway concerned. Such items include any change in topography, traffic counts or traffic data, project funding and a reassessment as to the actual need and scope of the project.
