

REQUEST FOR SOUND BARRIER WALL DESIGNS

Sound Barrier Wall requirements for location and profile elevations are determined by the Environmental Division who will provide the roadway designer with the requirements. An explanation of this procedure is in Chapter 2E-3-DETAILED PLAN DESIGN of this manual.

BRIDGES

When Field Inspections are held on projects involving new or existing bridges, particular attention must be paid to all discussions concerning these structures. The Structure and Bridge Division shall be notified of any decisions affecting a bridge design. A copy of the Field Inspection Report and any other applicable correspondence must be forwarded to them.
