

SECTION 2E - 11 - REQUEST FOR ADDITIONAL SURVEY DATA

PROCEDURE FOR REQUEST

Necessary additional survey data is to be requested after the field inspection. A list of all additional survey needed is to be kept during plan development. Unless certain information is critical for plan development before this time, all items are to be held until one request for data can supply all information needed. Survey data is to be requested using Form [LD-261](#).

The designer should check on site plan construction, and request additional survey for that portion of site plan affecting project design, when construction is completed or near completion.
